This brings you to the Rounds Patients List. Inpatients will be on this list if you have a provider relationship with them, whether Admitting, Attending, Family PCP, or Consulting/Other. Patients will also appear on this list if you manually add them to your list.

The screenshot displays the Acute Status Board interface for Tracy Sheehan, MD. The interface includes a navigation bar with icons for Return To, Home, Chart, Document, Orders, Discharge, Sign, Workload, Menu, and Suspend. The main content area shows a list of patients organized by alphanumeric nursing station. A green callout box highlights the 'Build Cover' icon next to the 'Rounds Patients 113' button. The 'My Workload' panel on the right shows 'Incomplete Records 2 of 2', 'Results 1 of 1', and 'Other 1 of 1'.

Click on 'Edit Coverage'.

The Build Coverage overlay appears where you can create your coverage by Provider Groups, Provider, or Provider Teams. Clicking the chevron to the left of the headers will open up the categories for you. Click on the chevron to the left of 'Provider Groups'.

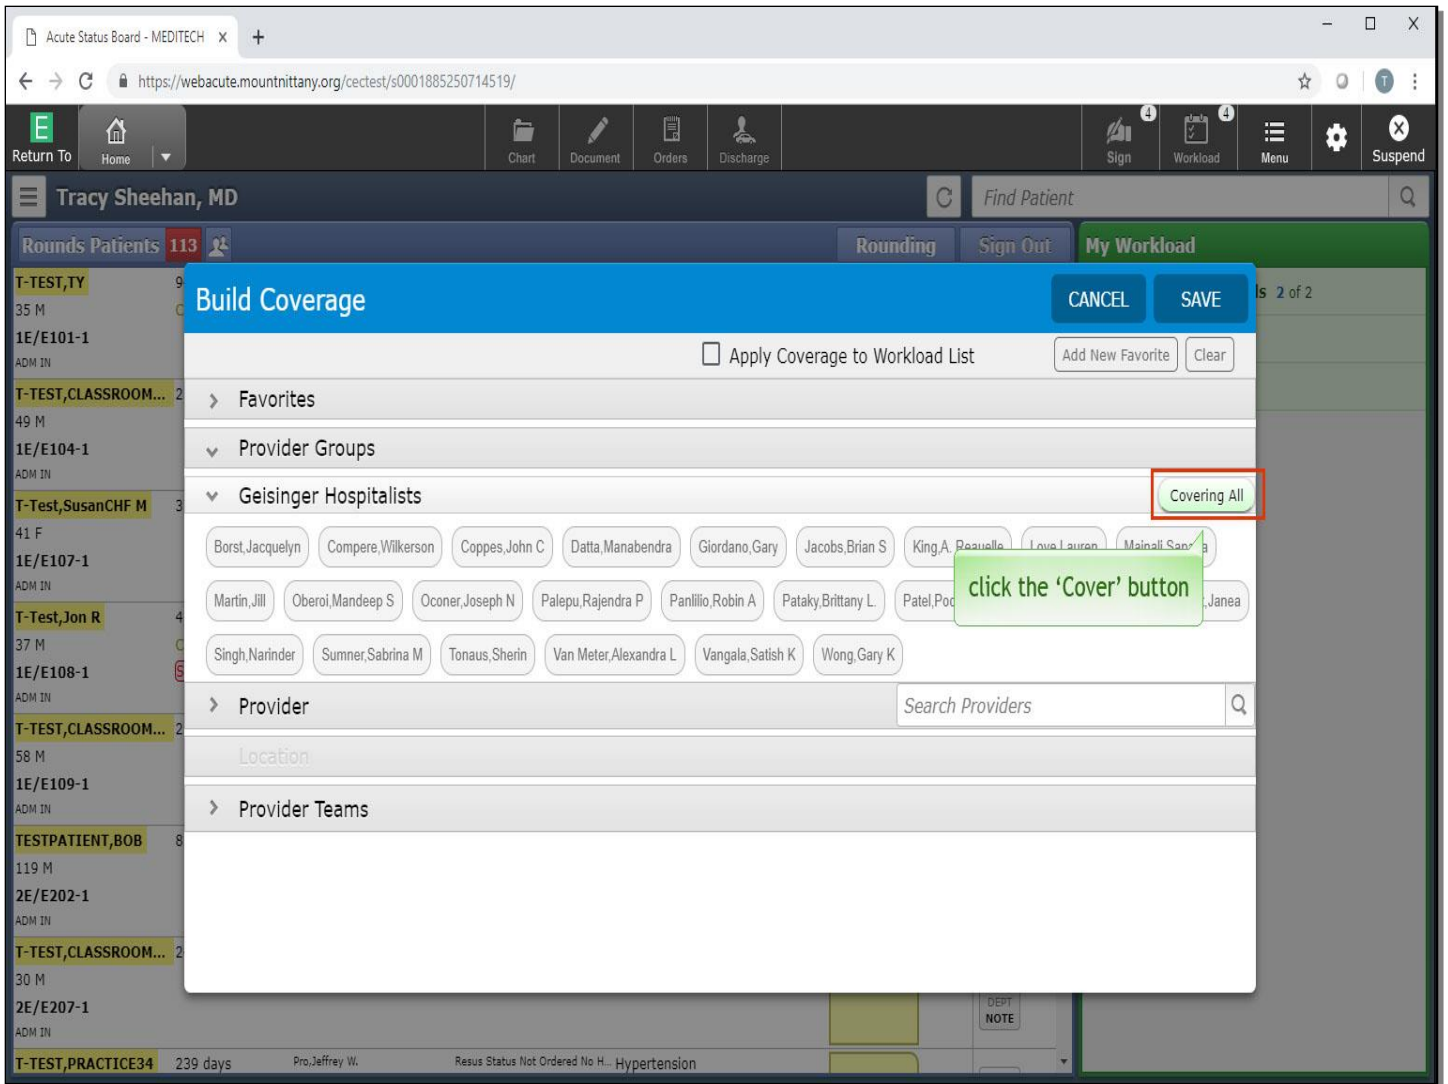

This will be available to you if you are associated with a Provider Group. Select the 'Cover' button.

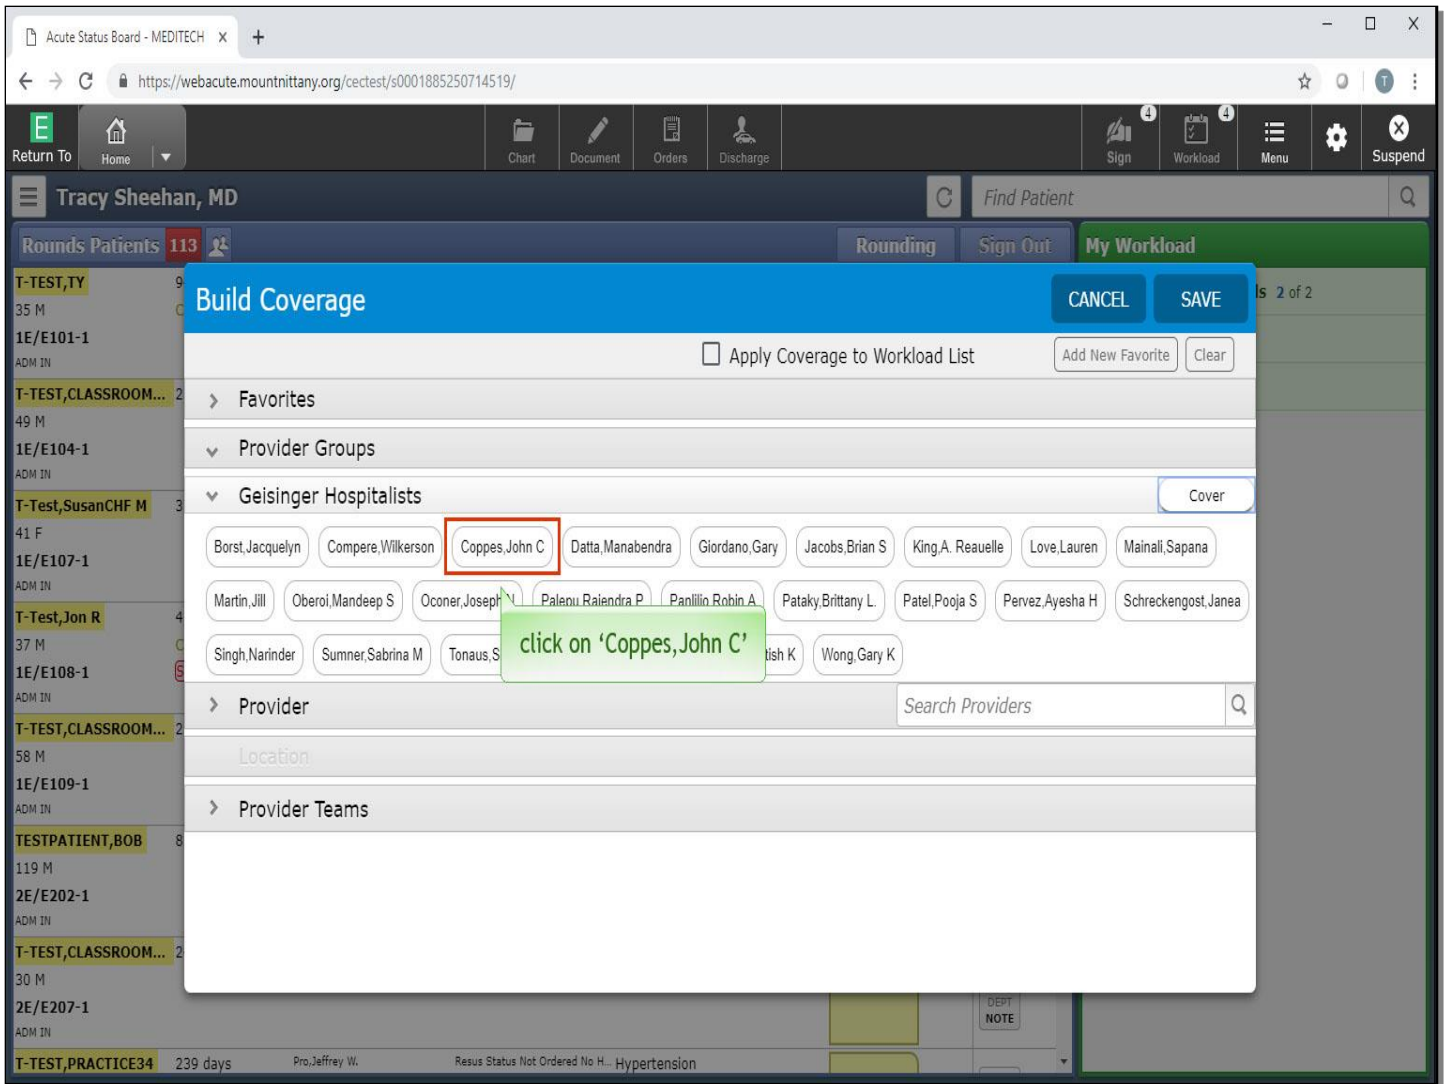

Click on the chevron to the left of 'Geisinger Hospitalists'.

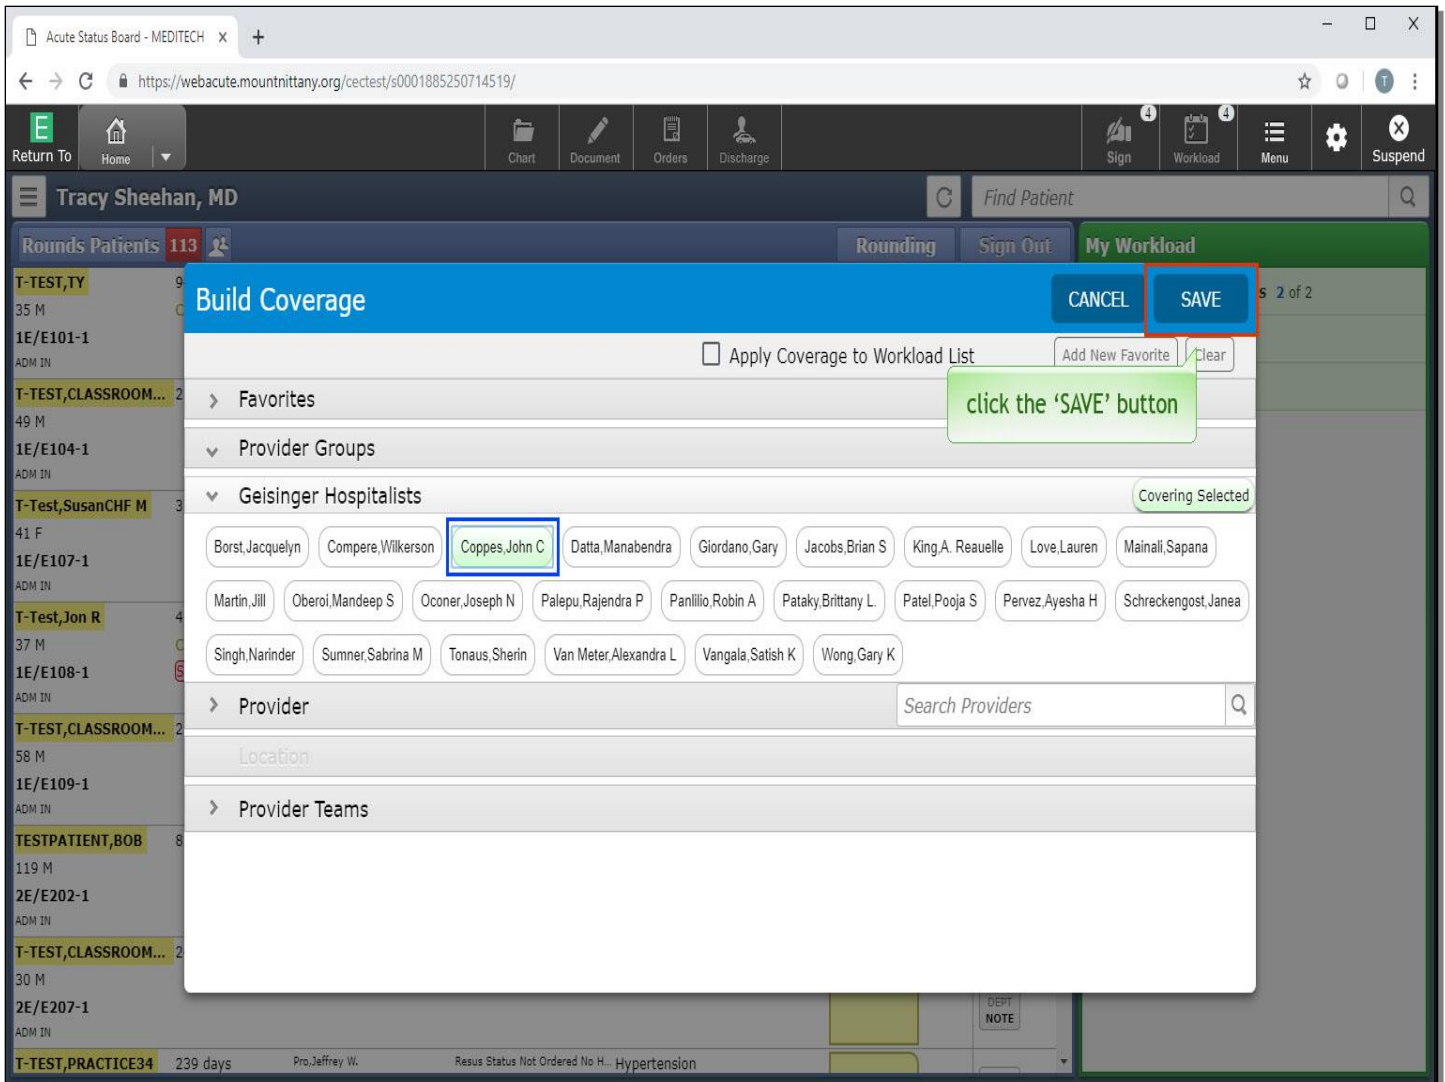

You are now covering the entire Group. If you wish to only cover certain providers in that Group, you may do so by first un-clicking the Cover button, which now reads 'Covering All'.

Now you may select individual providers from that Group to cover. Select 'John Coppes'.

Notice that his name is now highlighted green and his name also appears under the Provider header. You can also search for providers to cover by searching for their name in the 'Search Providers' bar. For now, you'll return to the home screen. Click the 'SAVE' button.

This concludes the lesson on Navigating the Rounds List.

In this course we learned how to:

- Edit coverage
- Navigate to different patients lists
- Sign Up for patients
- Review the patient's recent activity from the Status Board

MEDITECH best practice guidelines have been integrated into this lesson.

Please refer to your facility-specific workflows for process questions not covered in this course.
